Ways to save and pay

Stretch your healthcare dollars.

Medical Reimbursement Account (MRA)

Your MRA is funded by JPMorganChase when you, as the JPMorganChase employee, [participate in certain wellness activities](#)¹. You can't contribute to it yourself. MRA funds can be used to pay for eligible medical and prescription drug expenses and are used before the Health Care Spending Account (HCSA) for these expenses.

If you have any unused dollars in your MRA at the end of the year, they will carry over to the next year as long as you remain employed with JPMorganChase and enrolled in the JPMC Medical Plan. The money in your [MRA is tax free](#).

Between January 1 and December 31, you as the JPMorganChase employee have the opportunity to earn up to \$700 in your MRA when you complete certain wellness activities throughout the year. Learn more by visiting **My Health** on your intranet browser, then select **My MRA Additional Wellness Activities**.

Two spending accounts

In addition, you can sign up for one or both of these spending accounts that you contribute to and [spend tax free](#)²:

- **Health Care Spending Account (HCSA)** to pay for eligible healthcare expenses
- **Dependent Care Spending Account (DCSA)** to pay for eligible day care expenses

Manage your accounts through Inspira

You'll manage your MRA and spending accounts through Inspira. Log in to your Aetna website once you're a member and scroll down to the **Manage in Inspira** link on your home page.

During Annual Enrollment, you'll decide how you want to access the funds in your MRA and HCSA. You won't be able to change this election during the year.

Choose either:

- **Auto Pay** — funds from your MRA and then HCSA (if you have one) are automatically used to pay your portion of medical care and prescription expenses until funds run out. Automatic verification takes place to confirm the expense is eligible.
- **Debit card** — use your Inspira card to pay for eligible expenses directly. In some cases, you'll need to submit documentation to confirm the purchase was an eligible expense, so be sure to keep your receipts.

Easily access your Inspira accounts through single sign-on from **My Health** or when logged in at [Aetna.com](#).

¹ If you're unable to participate in any of the incentive program events, activities or goals due to a medical condition or other reason, you may be entitled to a reasonable accommodation for participation or an alternative standard for rewards. Please contact Aetna if you have questions or require assistance.

² Some cities and municipalities may impose income taxes on MRAs or FSAs. For detailed information, please contact your local department of taxation.

Dental plan

During Annual Enrollment, the Aetna Dental® DMO® plan may be an option for you based on your home ZIP code. The DMO plan includes access to more than **108,200+*** in-network providers. Understanding the EOB

After you use your plan, you'll receive an Explanation of Benefits (EOB).

An EOB is a document that shows details of your recent claims, including a full view of charges and health plan payments. EOBs are typically sent monthly.

Look at your EOB carefully to make sure it's correct. If you owe anything, you'll receive a bill from your healthcare provider(s).

Getting started

Important terms to know

Here are common health insurance terms you may see throughout this guide. Knowing what they mean can help you feel confident you're choosing the plan that's right for you.

Claim

A request from a provider to be paid by a health plan for health services, such as an office visit.

Coinsurance

The percentage of healthcare expenses you pay after you meet your deductible. Your health plan pays the rest.

Copay

A fixed amount you pay for a covered healthcare service, usually when you receive the service. The amount can vary by the type of service.

Covered

When a healthcare service is included in your plan benefits. Most services are subject to a copay or coinsurance. Some services are covered before you meet your deductible, while others are covered after you meet your deductible. Check your plan documents for these details.

Deductible

The amount you pay out of pocket each year for certain covered services before your plan starts to pay. With a \$1,400 deductible, for example, you pay the first \$1,400 of certain covered services yourself. After paying your deductible, you contribute a portion of the cost toward coinsurance for some covered services.

Explanation of Benefits (EOB)
[See page 11.](#)

Network

The providers and facilities that have a contract with your health plan. To search the network, log in at [Aetna.com](#) if you're already a member, or visit [Aetna-JPMC.com](#).

Out of network

A provider or facility that doesn't have a contract with your health plan. If you choose a doctor or other healthcare provider that's out of network, your plan may or may not pay some of that bill. Choosing an out-of-network doctor or facility will cost you more.

Although a provider may accept Aetna®, they may be out of network, so you should always check their status. To search the network, log in at [Aetna.com](#) if you're already a member, or visit [Aetna-JPMC.com](#). You can also call your Aetna Concierge at [1-800-468-1266 \(TTY: 711\)](#).

Out-of-pocket maximum

The most you'll pay each year for covered medical expenses. Once you hit this maximum, you're no longer responsible for coinsurance or copays.
